

Notes for Week #10 (3/23)

1. Welcome back! Hope everyone had a great Spring Break!
2. Thanks for turning all cell phones off during class. This is the first semester that I have not had any cell phones “ring” during class. If you could keep them “put away” during class, I would appreciate it. Thanks!

Assignment #8Due Monday 3/30

<b>Day</b>	<b>Practice Problems</b>	<b>Problems To Turn In</b>
<b>Monday</b>	1. 3.2 #25, 59, 3	1. 3.2 #26, 60, 4 Notes: 1. For #26, write your answer in “expanded” form, not “factored” form. 2. For #26 and #60, also sketch a graph of the polynomial function.
<b>Wednesday</b>	2. 3.2 #7, 15	2. 3.2 #10, 20 Note: For # 20, use your graph to find <u>one</u> solution (zero), then use algebra to find the others.
<b>Friday</b>	3. 3.2 #27, 29.	3. 3.2 #28, 30 Note: Make sure you show all work in solving these problems. All answers should be exact, not decimals.
