MathCats Weekly Newsletter

09-03-12

"We are what we repeatedly do. Excellence, then, is not an act, but a habit."

~ Aristotle

MathCats Announcements and Reminders

- Our first MathCats meeting of the year was last Monday and it was a huge success! We had over 70 people attend, which is a record for the club! Awesome job MathCats, let's keep raising the bar and exceeding the expectations!

MathCats Upcoming Events

- MathCats is hosting a Resume Building Workshop, Career Fair Preparation, and Industry Opportunities information session on September 10th from 5pm to ~7pm.
- The next MathCats meeting is **September 24th** in **Math 501** at **6pm**.

BROOKLYN PIZZA COMPANY®

Symbol to Learn: ⇔

Material Equivalence; if and only if.

Definition: A⇔B means A is true if B is true or A is false if B is false.

Get To Know Your UA Math Department:

Dr. Mathew D. Felton-Koestler

"My teaching and research interests focus on mathematics education, and in particular on how future and practicing teachers think about the role of diversity in mathematics, using mathematics to investigate social and political issues, and how the teaching and learning of mathematics sends messages about race, culture, gender, socioeconomic background, and other markers of difference in our society.

I have a one year old and I enjoy hiking and playing board games like Settlers and Puerto Rico.

My website can be found at:
http://math.arizona.edu/~mdfelton/ ".

Dilbert of the Week:

Have a great week!
-Justin
