

**ANALYSIS:
MATH 523 B: SECTION 01
SYLLABUS**

SPRING 2018

Instructor:	Office:	Office Hours:	Phone:
Robert Sims	ENR2 S346	By apt. email me	626-1990

My e-mail address is: rsims@math.arizona.edu

1. Textbook:

The textbook for this course is:
Real Analysis: Modern Techniques and Their Applications (second edition) by Gerald B. Folland.

2. Material to be Covered:

My goal is to cover most of Chapters 3-8 in this semester.

3. SuperTA:

Thomas Harris will be the Super-TA for this course this semester.
He will hold an hour of office hours on Mondays from 12 to 1 in ENR2 N270AA.

He will also hold a problem solving session on Mondays from 1 to 2:30 in ENR2 S395.

His email address is:
thomasharris@math.arizona.edu
and you may contact him directly with any questions.

4. Grading Policy:

Your grade will consist of homework, a midterm, and a final.

Item	Weight
Homework	20%
Midterm	30%
Final Exam	50%

5. Homework:

There will be several homework assignments given throughout the term. Your lowest homework score will be dropped when doing the final averaging. For this reason, I will not accept late homework. (Thus, the first is your drop grade and the second is a 0, etc.)

6. Midterm:

There will be a mid-term approximately 1/2 way through the semester.

7. Final

The final exam will be cumulative.
