

Homework Section 5.1 - Due 26th October

1. #28 on page 204. (You must use trigonometric identities for this problem.)

For questions 2-5, simplify the expressions as much as possible.
(Your answers should have no quotients.)

2. #54 on page 205.
3. #56 on page 205.
4. #58 on page 205.
5. #67 on page 206.

*Extra practice (Do NOT turn in, though I'd be happy to discuss the problems outside of class): 65, 66, 68
