

Homework Section 5.1 - Due 29th March

This homework involves simplifying trigonometric functions with the identities introduced in chapter 2. (c.f. Homework 2.1 Q1, Q2)

For questions 1-2, you must use trigonometric identities.

1. #28 on page 204.
2. #29 on page 204.

For questions 3-6, simplify the expressions as much as possible.
(Your answers should have no quotients.)

3. #54 on page 205.
4. #56 on page 205.
5. #58 on page 205.
6. #67 on page 206.
