

We will have presentations the last three days of classes: November 30, December 3 and 5. At the moment the schedule is:

Friday: Roopa

Monday: Alex, Celina, Jesse, Tristan

Wednesday: Anthony, Julie, Luka, Thomas

There is still room on Friday if you would like to present—please contact me as soon as possible.

Some important points:

1. These presentations are reports on work in progress. Please make insightful remarks (speakers—please accept these remarks as a help in improving your projects).
2. Keep the technology to a minimum. Make sure you know how to use the classroom electronics if you plan to.
3. Be courteous—come to all presentations and listen to others, who listen to you.
4. At the end of the Wednesday's class you will be filling out evaluation forms. I URGE you to please come—I need your input.

Have fun preparing, presenting and listening!
